HOW CLM
CAN HELP

TEMPLATE MANAGEMENT & DOCUMENT GENERATION

Quick document creation

Automatic, pre-approved templates

- Reduces chance of costly mistakes
- Lead with the most recent, approved templates across the org
- Enable stakeholders to generate their own contracts

WORKFLOWS & PROCESS AUTOMATION

Standardized and transparent workflows

Automated contract processes

- Enforce adherence to standard operating procedures
- Gain transparency on contract flows and common bottlenecks
- Achieve peace of mind: all contracts are going out reviewed and approved

DOCUMENT STORAGE, SEARCH & ANALYTICS

Where docs are, what is in the docs, and what decisions can be made from docs

- Create and view reports on contracting language easily
- Proactively track renewals, expirations, fee changes, and other milestones
- Establish a data repository alongside document repository
